Summary

All **7 gate check categories** pass on staging commit `af60665` .

Items remaining for manual QA before prod cutover:

1. Rebate Center interactive tests: ZIP filter, column toggle, sort, pagination, download
2. Mobile 375×812 visual check on all 14 new pages
3. ApplicationFinder on remaining 4 collection pages (outdoor, lamps, residential, safety-controls) — same JS island, spot-check recommended
