Cold Storage & Grocery Lighting

Total-Store LED Systems — From Freezer to Fuel Canopy

❄️ Rated to -40°F

☐ IP66 Moisture Sealed

⚡ Instant-On, No Warm-Up

☐ BAA & TAA Compliant

☐ Quick Ship Available

ARCHIPELAGO LIGHTING | LIGHTING REINVENTED

Lighting by Store Zone

ARCHIPELAGO LIGHTING

Grocery, convenience, and cold storage facilities present some of the most demanding lighting challenges: extreme temperatures, moisture, washdown requirements, and the need for high color rendering to make products look their best. ALG is one of the few manufacturers offering a complete solution from -40°F freezer to fuel canopy — under one brand.

ZONE 1

Walk-In Coolers & Freezers

Walk-In Cooler Fixtures — SPECIALTY

- Rated to -40°F for freezers and walk-ins
- IP66 moisture sealed for washdown
- Driver-free AC design — max cold reliability
- Instant-on: no warm-up delay in cold
- 50,000hr L70 rated life
- High CRI for product visibility

ZONE 2

Refrigerated Display Cases

LED Tubes — tubulARCH T8 Type B

- Ballast-bypass for max efficiency
- 4000K-5000K for product appeal
- Instant-on, mercury-free
- Universal voltage 120-277V
- Direct retrofit for existing cases

ZONE 3

Sales Floor

Troffers & Back-Lit Panels — planoARCH

- 2x2 and 2x4 options
- CRI 80+ for true product colors
- Watt/CCT selectable
- Control-ready port for 0-10V dimming
- DLC-listed (where applicable) for utility rebates

ZONE 4

Back of House / Stockroom

Strips & Wraps — selectARCH

- Low-profile continuous lighting
- Durable for high-traffic areas
- Energy-efficient, surface mount
- Motion sensor compatible

ZONE 5

Fuel Canopy / C-Store Exterior

Canopy Luminaires — luxoARCH

- High-output for fuel island safety
- Vandal-resistant construction
- Dusk-to-dawn photocell capable
- Weather sealed, DampGuard

ZONE 6

Parking & Perimeter

Wall Packs, Flood, Area — luxoARCH / cityARCH

- Full-cutoff dark-sky friendly
- DampGuard all-weather protection
- Photocell and motion options
- High lumen security lighting

ZONE 7

Signage, Accent & Upscale Deli/Bakery

LED Tubes (sign cabinets) + NOSTALGIC Decorative Lamps

- LED tubes for illuminated signage
- Edison-style decorative options
- Warm-dimming NOSTALGIC lamps for ambiance
- High CRI for food merchandising displays

Total-Store, Single-Source Advantage

ALG is one of the few manufacturers offering a complete store lighting package — from -40°F freezer fixtures to fuel canopy luminaires — under one brand. Single-source procurement reduces coordination costs, simplifies warranty management, and ensures consistent light quality throughout the sales floor experience. One PO. One warranty contact. One consistent look.

Product Selection Matrix

ARCHIPELAGO LIGHTING

PRODUCT FAMILY	SERIES	WATTAGE	TEMP RATING	CCT	KEY FEATURES	ZONE
Walk-In Cooler Fixture	SPECIALTY	20-40W	-40°F to 113°F	40/50K	IP66, driver-free AC, instant-on, high CRI	Cooler
Cooler Luminaire 2x2	SPECIALTY	20-35W	-40°F to 113°F	40/50K	Driver-free, IP66, 50Khr life	Freezer
LED Tube T8 Type B	tubulARCH	12-18W	-20°F to 113°F	35/40/50K	Ballast bypass, universal voltage, instant-on	Display
LED Tube T8 Type A+B	tubulARCH	12-15W	32°F to 113°F	35/40/50K	Dual-mode, plug & play or bypass	Sales
Back-Lit Panel 2x2/2x4	planoARCH	25-50W	Standard	35/40/50K	CRI 80+, DLC-listed (where applicable), control port	Sales
Troffer 2x2 / 2x4	planoARCH	25-50W	Standard	35/40/50K	Flicker-free, EB option, DLC	Sales
Strip / Wrap	selectARCH	18-45W	Standard	35/40/50K	Surface mount, sensor compatible	Stock
Canopy	luxoARCH	30-75W	Standard	40/50K	High-output, vandal resistant, sealed	Canopy
Wall Pack	luxoARCH	20-80W	Standard	30/40/50K	Full-cutoff, DampGuard, photocell	Ext
Flood Light	luxoARCH	30-150W	Standard	40/50K	Adjustable, IP65	Ext
Area Light	cityARCH	70-300W	Standard	40/50K	Dark-sky, surge protected	Parking

Max cold
reliability,
reduced cold-
environment
failure points

Application Spotlight

ARCHIPELAGO LIGHTING

Grocery & Supermarket

Complete store coverage from refrigerated cases to checkout aisles to parking lot. High CRI for produce & meat departments.

Convenience Store / Gas

Canopy luminaires for fuel islands, interior panels for the shop, wall packs for perimeter. One brand, total coverage.

Cold Chain & Distribution

Walk-in cooler fixtures & vapor tights for cold chain warehouses. LED in cold environments actually increases efficacy.

LED + Cold = Extra Savings

LEDs actually perform better in cold environments — efficacy increases as temperature drops. Unlike fluorescent tubes that struggle below 50°F, ALG LED fixtures deliver full, instant brightness at -40°F. Less heat output also reduces refrigeration load, compounding energy savings.

Simplify Procurement

With ALG, a grocery chain or c-store operator can source cooler fixtures, sales floor troffers, exterior wall packs, and fuel canopy luminaires from a single manufacturer. One purchase order, one warranty contact, one consistent quality standard across every location.

The ALG Advantage

- **Pharmaceutical & Food Safety Cold Storage** Strategic U.S. Locations
- Available Compliant Local Sales Support
- Infrastructure. ALG's IP66, washdown-resistant fixtures with Damage Guard protection
- Inside Sales Free Product Extended Finance Ever-Expanding
- Support the demands of pharmaceutical cold storage and food processing facilities. TAA/BAA compliance covers government-funded food security projects.
