ARCHIPELAGO LIGHTING | LIGHTING REINVENTED

Lighting by Facility Type

ARCHIPELAGO LIGHTING

Federal agencies, military installations, and state facilities require lighting that meets strict domestic procurement standards. ALG's full indoor and outdoor portfolio is BAA and TAA compliant, making us an approved source for government-funded projects — from DoD bases and VA hospitals to federal office buildings and GSA-managed facilities.

FACILITY TYPE 1

Federal Office Buildings

Troffers, Panels, Wraps — planoARCH

- 2x2 and 2x4 troffers & back-lit panels
- Flicker-free for screen-heavy environments
- 0-10V dimming, control-ready port
- DLC-listed (where applicable) for utility rebate eligibility
- Emergency battery backup option

FACILITY TYPE 2

Military Bases & DoD Installations

High Bays, Vapor Tights, Wall Packs — Full Portfolio

- High bays for hangars, motor pools, warehouses
- Vapor tights for maintenance bays (IP66)
- surgeArmor for industrial electrical environments
- Wall packs & area lights for perimeter security
- Full-cutoff dark-sky for light discipline

FACILITY TYPE 3

VA Medical Centers & Clinics

Panels, Troffers, Vapor Tights — planoARCH

- High CRI 80+ for clinical environments
- Flicker-free for patient comfort
- Vapor tights for labs & sterile areas
- DampGuard moisture protection
- Emergency egress fixtures (UL 924)

FACILITY TYPE 4

Government Warehouses & Logistics

High Bays, Strips, Vapor Tights — lamparARCH

- UFO & linear high bays for large facilities
- sensorBLE for occupancy-based control
- Cold storage fixtures for commissaries
- quickAdapt for rapid deployment

FACILITY TYPE 5

Exterior & Perimeter Security

Area Lights, Wall Packs, Flood — cityARCH / luxoARCH

- High-mast for large perimeters
- Full-cutoff for light trespass control

FACILITY TYPE 6

Retrofit & Energy Modernization

LED Tubes, Retrofit Kits — tubulARCH / selectARCH

- T8 Type A, B, A+B for existing fixtures

- Dusk-to-dawn photocell operation
- Vandal-resistant construction

- selectARCH retrofit kits for minimal disruption
- ESPC (Energy Savings Performance Contract) eligible
- Meets federal energy reduction mandates

Federal Procurement Compliance

The Buy American Act (BAA) requires federal agencies to purchase domestically manufactured products for direct procurement above the micro-purchase threshold. The Trade Agreements Act (TAA) extends eligibility to products from designated trade partner countries. ALG products meet both standards, simplifying procurement for contracting officers and eliminating compliance risk for contractors bidding government projects. Our products are eligible for GSA Schedule and GSA Advantage listing.

Product Selection Matrix

ARCHIPELAGO LIGHTING

PRODUCT FAMILY	SERIES	WATTAGE	LUMENS	CCT	KEY FEATURES	FACILITY
Troffer 2x2/2x4	planoARCH	25-50W	3K-6.5K	35/40/50K	DLC-listed (where applicable), control port, EB, TAA/BAA	Office
Back-Lit Panel	planoARCH	25-50W	3K-6.5K	35/40/50K	Flicker-free, CRI 80+, TAA/BAA	Office / VA
Linear High Bay	LLHB / Tiny-I	100-200W	15K-30K	35/40/50K	sensorBLE, surgeArmor, quickAdapt, TAA	DoD / WH
UFO High Bay	lamparARCH	100-200W	15K-30K	35/40/50K	sensorBLE, surgeArmor, DampGuard	DoD / WH
Vapor Tight	LV3P Series	25-80W	3.5K-10.8K	35/40/50K	IP66, DampGuard, linkable	Maint / VA
Wrap	selectARCH	20-40W	2.4K-4.8K	35/40/50K	Surface mount, corridor-friendly	All Indoor
Strip	selectARCH	18-45W	2.2K-5.4K	35/40/50K	Continuous row, sensor compatible	WH / Staging
Wall Pack	luxoARCH	20-80W	2.4K-10K	30/40/50K	Full-cutoff, DampGuard, photocell	Exterior
Area Light	cityARCH	70-300W	9K-42K	40/50K	High-mast, dark-sky, surge	Perimeter
Flood Light	luxoARCH	30-150W	3.6K-20K	40/50K	Adjustable, IP65, security	Perimeter
Canopy	luxoARCH	30-75W	3.6K-9.5K	40/50K	Surface mount, weather sealed	Covered
LED Tubes T8	tubulARCH	12-18W	1.6K-2.2K	35/40/50K	Type A/B/A+B, universal voltage, retrofit	Retrofit
Retrofit Kit	selectARCH	25-50W	3K-6.5K	35/40/50K	Drop-in, minimal disruption, DLC	Retrofit
Walk-In Cooler	SPECIALTY	20-40W	2.4K-5K	40/50K	-40°F, IP66, commissary/mess	Commissary
Emergency/ Exit	SPECIALTY	2-5W	UL 924	Varies	90-min backup, self-test, code	All

Compliance & Certifications

MEETING FEDERAL
STANDARDS

BAA Compliant

Meets Buy American Act requirements for direct federal procurement

TAA Compliant

Eligible for GSA Schedule and trade agreement procurement

DLC-listed (where applicable)

Listed for maximum utility rebates and federal energy mandates

surgeArmor

20kV/10kA protection for military industrial environments

sensorBLE

Wireless controls meeting ASHRAE 90.1 and federal energy codes

ESPC Eligible

Qualifies for Energy Savings Performance Contracts

Why Specify ALG for Government Projects?

ARCHIPELAGO
LIGHTING

Compliance Without Compromise

BAA and TAA compliance is a hard legal requirement — not a nice-to-have. ALG’s compliant portfolio means contracting officers and general contractors can specify with confidence, eliminating procurement risk.

Full Facility Coverage

From office troffers to hangar high bays to perimeter security lighting, ALG covers every space in a government facility. Single-source procurement simplifies BPA (Blanket Purchase Agreement) administration.

Energy Mandate Ready

Federal Executive Orders mandate aggressive energy reduction targets. ALG’s high-efficacy fixtures with sensorBLE controls help agencies meet these requirements while qualifying for ESPC funding.

Quick Ship & Extended Terms

Government project timelines don’t wait. Quick Ship from strategic U.S. locations keeps MILCON and renovation schedules on track. Extended finance terms align with federal fiscal year budgeting.

The ALG Advantage

The Infrastructure Investment and Jobs Act (IIJA) and CHIPS Act are driving record federal construction spending across data centers, research facilities, transportation hubs, and military installations. All of these projects require TAA/BAA compliant lighting. ALG is positioned to serve this demand wave with compliant products, quick delivery, and a full indoor/outdoor portfolio.
