Healthcare & Medical Lighting Solutions

High-CRI, Flicker-Free LED Systems for Hospitals,
Clinics, Labs, and Long-Term Care Facilities

CRI 80+ True Color Rendering

Flicker-Free Patient Comfort

IP66 Vapor Tight for Labs

TAA/BAA for VA Hospitals

0-10V Dimmable

ARCHIPELAGO LIGHTING | LIGHTING REINVENTED

Lighting by Healthcare Zone

ARCHIPELAGO LIGHTING

Healthcare facilities demand lighting that meets stringent code requirements while supporting patient wellbeing, clinical accuracy, and staff productivity. ALG delivers high-CRI, flicker-free solutions across every zone — from patient rooms and corridors to labs and exterior parking. TAA/BAA compliance covers VA hospitals and federally funded medical facility projects.

ZONE 1

Patient Rooms

Back-Lit Panels & Troffers — planoARCH

- Flicker-free for patient comfort
- 0-10V dimming for day/night adjustment
- High CRI 80+ for accurate skin tone assessment
- Watt/CCT selectable at install
- Emergency battery backup option

ZONE 2

Corridors & Nurses Stations

Wraps, Troffers, Downlights — planoARCH / selectARCH

- 24/7 operation rated (50,000hr life)
- Motion sensor compatible for energy savings
- Low-glare for patient transport areas
- Continuous run options for long hallways

ZONE 3

Exam & Procedure Rooms

Panels & Troffers — planoARCH

- High CRI for clinical color accuracy
- 4000K-5000K for examination clarity
- Dimmable for patient comfort during procedures
- DLC-listed (where applicable) for rebate eligibility

ZONE 4

Labs, Pharmacies & Clean Rooms

Vapor Tight — LV3P Series

- IP66 sealed for washdown environments
- DampGuard moisture & chemical resistance
- Impact-resistant polycarbonate lens
- Linkable for continuous runs

ZONE 5

Administrative & Waiting Areas

Panels, Troffers, LED Tubes — planoARCH / tubulARCH

- Warm CCT options for welcoming environments
- Retrofit tubes for quick upgrades

ZONE 6

Exterior, Parking & Emergency Access

Wall Packs, Area Lights, Canopy — luxoARCH / cityARCH

- High lumen for emergency bay visibility
- Canopy fixtures for covered entries
- Full-cutoff dark-sky compliant
- Vandal resistant, DampGuard

- Control-ready for occupancy-based savings

Healthcare Lighting & Patient Outcomes

Research consistently shows that lighting quality impacts patient recovery, staff alertness, and error reduction. Flicker-free operation eliminates headache-triggering strobe effects. High CRI ensures accurate visual assessment. Tunable CCT allows circadian-supportive lighting schedules — brighter/cooler during daytime, warmer/dimmer at night.

Product Selection Matrix

ARCHIPELAGO LIGHTING

PRODUCT FAMILY	SERIES	WATTAGE	LUMENS	CCT	KEY FEATURES	HC ZONE
Back-Lit Panel	planoARCH	25-50W	3K-6.5K	35/40/50K	Flicker-free, CRI 80+, 0-10V, EB	Patient
Troffer 2x2/2x4	planoARCH	25-50W	3K-6.5K	35/40/50K	DLC-listed (where applicable), control port, dimmable	Patient/Exam
Wrap	selectARCH	20-40W	2.4K-4.8K	35/40/50K	Low-profile, motion compatible	Corridor
Strip	selectARCH	18-45W	2.2K-5.4K	35/40/50K	Continuous row, energy efficient	Corridor
Vapor Tight	LV3P Series	25-80W	3.5K-10.8K	35/40/50K	IP66, DampGuard, linkable, sealed	Lab/Clean
LED Tubes T8	tubulARCH	12-18W	1.6K-2.2K	35/40/50K	Type A/B/A+B, instant-on	Admin
Retrofit Kit	selectARCH	25-50W	3K-6.5K	35/40/50K	Drop-in, DLC, minimal disruption	Retrofit
Wall Pack	luxoARCH	20-80W	2.4K-10K	30/40/50K	Full-cutoff, DampGuard	Exterior
Area Light	cityARCH	70-300W	9K-42K	40/50K	High-mast, parking lot safety	Parking
Canopy	luxoARCH	30-75W	3.6K-9.5K	40/50K	ER bay, covered entries	Entry
Emergency/Exit	SPECIALTY	2-5W	UL 924	Varies	90-min backup, self-test	All

Why Healthcare Chooses ALG

BUILT FOR CARE

Clinical-Grade Light Quality

CRI 80+ ensures accurate color rendering for patient assessment. Flicker-free operation meets the demands of exam rooms and operating suites.

Sealed for Sterile Spaces

IP66 vapor tights with DampGuard handle the washdown and chemical exposure found in labs, pharmacies, and clean rooms.

VA & Federal Medical

TAA/BAA compliance makes ALG eligible for VA hospital construction, military medical

Hospital & Clinic Construction Remains Strong

Healthcare construction is a resilient vertical — aging hospital infrastructure, VA modernization programs, and the expansion of outpatient clinics and ambulatory surgery centers are all driving demand. ALG's full indoor/outdoor portfolio with healthcare-grade light quality and federal compliance positions us to serve this growing market.
