Why ALG for Hospitality

Decorative and functional lighting from a single manufacturer

NOSTALGIC & VINTAGE

Edison, globe, and tubular decorative lamps with warm 2200K dimming — ambiance without compromise on efficiency.

Full Dimming Control

0-10V and phase dimming across the portfolio. Set the mood from bright breakfast service to intimate evening dining.

sensorBLE

Wireless occupancy and daylight sensing in corridors, stairwells, and BOH areas — cut energy use without disturbing guests.

DampGuard

Moisture and salt-air resistance for coastal resorts, pool areas, and outdoor terraces. IP66-rated where it matters.

Dark-Sky Compliant

Full-cutoff exterior fixtures meet IDA dark-sky guidelines — protect the night experience for resort and boutique properties.

DLC-listed (where applicable) & Rebates

Maximize utility incentives with DLC-listed (where applicable) qualified troffers, panels, and high bays to offset retrofit investment.

Application Spotlight

Tailored lighting strategies for hospitality sub-segments

Hotels & Resorts

Full-property solutions from lobby chandeliers (NOSTALGIC) to parking lot (cityARCH). Guest room retrofits with tubuARCH T8 tubes save 60%+ per room per year while warm CCTs maintain brand standards.

Restaurants & Bars

VINTAGE decorative lamps deliver the exposed-filament aesthetic that modern dining demands. 2200K amber warmth, high CRI for true food colors, and smooth dimming curves for every service period.

Entertainment & Events

Convention halls and ballrooms use planoARCH troffers with 0-10V dimming for flexible configuration. Emergency egress fixtures ensure code compliance for high-occupancy venues.
