

INDUSTRIAL & MANUFACTURING VERTICAL

Built for the **Toughest Environments**

From production floors and clean rooms to loading docks and hazardous areas — Archipelago Lighting delivers rugged, high-output LED solutions that survive where others fail.

Industrial Facility Lighting Zones

Engineered for the demands of modern manufacturing — high ceilings, harsh conditions, and 24/7 operation

Production Floor

lamparARCH UFO and LLHB linear high bays with surgeArmor deliver 150+ lm/W at 20-40ft mounting heights. sensorBLE occupancy sensing cuts energy in low-activity zones during shift changes.

LAMPARARCH + LLHB

Maintenance & Utility

LV3P vapor tight fixtures withstand vibration, moisture, and chemical exposure. IP66-rated, linkable for continuous runs, and DampGuard coated for corrosive environments.

LV3P + DAMPGUARD

Plant Warehouse

High-bay fixtures with watt-selectable drivers for flexible output. sensorBLE wireless controls in rack aisles achieve 40-60% savings over legacy HID with zero rewiring.

LAMPARARCH + SENSORBLE

Clean Room & Lab

planoARCH back-lit panels deliver flicker-free, uniform illumination. Sealed housing prevents particulate infiltration. CRI 80+ for accurate visual inspection tasks.

PLANOARCH

Admin & Office

planoARCH troffers and panels with 0-10V dimming and watt/CCT selectable drivers. DLC-listed (where applicable) for maximum utility rebates on plant office retrofits.

PLANOARCH + SELECTARCH

Exterior & Security

cityARCH high-mast area lights for yards and lots. luxoARCH wall packs and floods for perimeter security. surgeArmor protects against industrial electrical transients.

CITYARCH + LUXOARCH

Product Selection Matrix — Industrial & Manufacturing

Complete fixture portfolio for plant environments from production line to parking lot

Product Family	Series	Wattage	Lumens	CCT Options	Key Features	Zones
UFO High Bay	lamparARCH	100–200W	15,000–30,000	35/40/50K	surgeArmor 20kV, sensorBLE, DampGuard, watt selectable	Production, Warehouse
Linear High Bay	LLHB / Tiny-I	100–200W	15,000–30,000	35/40/50K	surgeArmor, sensorBLE, quickAdapt, DLC-listed (where applicable), TAA	Production, Warehouse
Vapor Tight	LV3P Series	25–80W	3,500–10,800	35/40/50K	IP66, DampGuard, linkable, impact resistant, quickAdapt	Manufacturing, Warehouse
Vapor Tight (Harsh)	LV3P Series	40–80W	5,400–10,800	40/50K	IP66, chemical resistant lens, DampGuard, stainless clips	Harsh Environments
Back-Lit Panel	planoARCH	25–50W	3,000–6,500	35/40/50K	Flicker-free, CRI 80+, sealed housing, control-ready	Production, Warehouse
Troffer 2×2 / 2×4	planoARCH	25–50W	3,000–6,500	35/40/50K	DLC-listed (where applicable), 0-10V dimming, watt/	Production, Warehouse

PRODUCT FAMILY	SERIES	WATTAGE	LUMENS	CCT OPTIONS	KEY FEATURES	ZONING
					CCT selectable, EB	
Strip / Wrap	selectARCH	18–45W	2,200–5,400	35/40/50K	Surface/suspended, continuous row, sensor compatible	V
High-Mast Area	cityARCH	150–300W	21,000–42,000	40/50K	surgeArmor, high-mast capable, dark-sky, 10kA surge	E
Area Light	cityARCH	70–300W	9,000–42,000	40/50K	Adjustable arm, photocell, surge protected	E
Wall Pack	luxoARCH	20–80W	2,400–10,000	30/40/50K	Full-cutoff, DampGuard, photocell, vandal resistant	E
Flood Light	luxoARCH	30–150W	3,600–20,000	40/50K	Adjustable knuckle, IP65, security perimeter	E
Canopy	luxoARCH	30–75W	3,600–9,500	40/50K	Surface mount, weather sealed, loading bay rated	V
LED Tubes T8	tubulARCH	12–18W	1,600–2,200	35/40/50K	Type A, B, A+B retrofit, universal voltage	C
Walk-In Cooler	SPECIALTY	20–40W	2,400–5,000	40/50K	–40°F rated, IP66, driver-free, instant-on	C
Emergency / Exit	SPECIALTY	2–5W	UL 924	Varies	90-min backup, self-test, code compliant	A

SURGE PROTECTION

Why ALG for Industrial & Manufacturing

Engineered for continuous operation in harsh conditions

surgeArmor 20kV/10kA

Industry-leading surge protection withstands the electrical transients common in manufacturing environments with heavy motor loads.

DampGuard Coating

Proprietary moisture and corrosion barrier on drivers and components. Essential for food processing, chemical, and wash-down areas.

sensorBLE Wireless

Retrofit-friendly wireless occupancy and daylight controls. No new wiring required — critical for existing plant facilities.

quickAdapt Install

Tool-free mounting and wiring systems minimize production downtime during installation. Weekend retrofit-ready.

BAA / TAA Compliant

Meets Buy American Act and Trade Agreements Act requirements — critical for defense contractors and government-adjacent manufacturing.

CHIPS Act Ready

U.S. reshoring and semiconductor manufacturing investment creates massive demand for code-compliant, efficient plant lighting.

Application Spotlight

Lighting strategies for industrial sub-segments

▣ Semiconductor & Electronics

Clean room-compatible planoARCH panels with sealed housings and flicker-free drivers. TAA/BAA compliance for CHIPS Act-funded facilities. Zero particulate emission from LED fixtures.

▣ Automotive & Assembly

High-bay fixtures with 150+ lm/W for paint-booth adjacent areas. surgeArmor protects against welding and robotic surge events. sensorBLE zoning for shift-based control across the plant floor.

▣ Food & Beverage Processing

DampGuard + IP66 vapor tight fixtures survive daily wash-down cycles. Walk-in cooler fixtures rated to -40°F. NSF-compatible lens materials for food-safe environments.

The **ALG Advantage** — Built to Survive

Archipelago Lighting combines 20kV surge protection, IP66 sealing, moisture-resistant coatings, and wireless controls in a single product line — purpose-built for the demands of modern manufacturing.
