

ALG Staging Site — MFA Build Report

Date: 2026-05-10

Session: Landing Pages Port — Phase A

Build output: 78 pages, 0 errors

Commit: 845ee4b — feat: port 13 landing pages (5 product + 8 verticals)

What was built

Product Landing Pages (5 of 5 — COMPLETE)

All five product landing pages were ported from their JSX source files and calibration-patched to match the Astro site’s design system.

Route	Source File	Collections Featured	Status
/products/indoor	landing-v3.jsx + landing-shared.jsx	lamparARCH × planoARCH	✓ Built
/products/outdoor	outdoor-landing.jsx + outdoor-shared.jsx	luxoARCH × cityARCH	✓ Built
/products/lamps	lamps-landing.jsx + lamps-shared.jsx	NOSTALGIC × tubulARCH	✓ Built
/products/residential	landing-v1.jsx + landing-shared.jsx	planoARCH × selectARCH	✓ Built
/products/safety-controls	landing-safety-controls.jsx	sensorBLE × surgeArmor × emergencyARCH	✓ Built

Industry Vertical Pages (8 of 8 — 3 FULL + 5 STUBS)

Route	Content	Accent Color	Status
/verticals/cold-storage	8 sections: Hero, Zones (7), Matrix (11 rows), Tech (5), Spotlight (3), Value, Procurement, Closing	Electric blue hsl(199 89% 48%)	✓ Full
/verticals/data-center	8 sections: Hero, Zones (6), Matrix (10 rows), Tech (6), Spotlight (3), Value, Procurement, Closing	Electric teal hsl(195 100% 47%)	✓ Full
/verticals/education	8 sections: Hero, Zones (6), Matrix (14 rows), Tech (5), Spotlight (3), Value, Procurement, Closing	Warm orange hsl(25 95% 56%)	✓ Full
/verticals/healthcare	8 stub sections (dashed-border placeholders)	Clinical teal hsl(174 71% 39%)	☐ Stub
/verticals/hospitality	8 stub sections	Warm gold hsl(38 92% 50%)	☐ Stub
/verticals/industrial	8 stub sections	Industrial orange hsl(22 96% 51%)	☐ Stub
/verticals/retail	8 stub sections	Retail violet hsl(264 70% 60%)	☐ Stub
/verticals/government	8 stub sections	Federal blue hsl(220 80% 55%)	☐ Stub

Calibration patches applied (all product pages)

Source token	Site token	Value
--brand: #E3353C	var(--color-alg-red)	#F32740
--brand-dark: #B0252B	var(--color-alg-red-dark)	#C41E32
--font-sans: 'Sora'	var(--font-sans)	'Lato'
--ink: #1A1D23	var(--color-ink)	#111111
--ink2: #3A3E47	var(--color-ink-soft)	#444444
--ink3: #6B7280	var(--color-ink-mute)	#6B6B6B
--c1: #F5F4F1	var(--color-bg-soft)	#F7F7F7
--c2: #EEEDF0	var(--color-bg-strong)	#F0F0F0
--c3: #DCDEE2	var(--color-border)	#E5E5E5
--yellow: #FDD85E	#F5C24A	Site yellow
UtilityBar / site chrome	Stripped	BaseLayout provides Header/Footer
Page-local footer strip	Stripped	BaseLayout Footer handles copyright

Phase B — Remaining work

Stub verticals needing full content (5 pages)

Each stub has 8 placeholder sections with `data-screen-label` attributes matching the Phase A skeleton spec. To complete each:

1. Provide `ALG_{Vertical}_Solutions.html` source file

- 2. Port content into the existing stub skeleton (no structural changes needed)
- 3. Run `npx astro build` to verify

Stubs pending: Healthcare, Hospitality, Industrial, Retail, Government

Product page images

All product landing pages use CSS gradient placeholders where product photography would go. Image slots are marked with `data-caption="Placeholder · Image TBD"` in the spotlight cards.

Nav integration

The new routes are not yet wired into the site’s main navigation (`Header.astro`). Suggested additions:

- Products dropdown: Indoor, Outdoor, Lamps, Residential, Safety & Controls
- Solutions/Verticals dropdown: Cold Storage, Data Center, Education + 5 stubs

Build stats

Metric	Value
Total pages built	78
New pages added this session	13
Build errors	0
Build time	23.00s
Pagefind index	78 pages, 6,484 words
